---

The exact names are in parentheses. Note that AcqDemo is the same.

AcqDemo (AcqDemo)

---

AQD101

AQD102

AQD103

AQD104

DHS_Survey (DHS_Survey_New_2013)

---

FAC043

FAC044

FAC045

DAU Survey (CL_Self_Paced_2010)

---

(everything else - I provided a full list as an attachment: DAUsurvey.xlsx)

Thanks,
Phong Huynh

Are the survey names the exact names as represented in Atlas? If not please provide the proper names.

Just realized: these survey names don't look exact in his "regular English" email to you. Please ask Phong to send the specific survey name as it is represented in the Atlas database so can find the data in Data Mart.

Thanks,
Judith

Hi,

I went ahead and obtained the information about the surveys and what goes with what. Hope this works. -P

There are 3 surveys that CLs use: DAU, AcqDemo and DHS. The 3 PDF attachments show what the survey looks like for each type. Below is the list of modules that uses each survey.

AcqDemo

---

AQD101

AQD102

AQD103

AQD104

DHS_Survey

---

FAC043

FAC044

FAC045

DAU Survey

---

(everything else - I provided a full list as an attachment: DAUsurvey.xlsx)

Importance: High

Good Morning,

I know this has been requested before, I just want what we are don't right

now. So please provide a listing of what modules are associated with what

surveys. FAC, DHS, AQD, DAU's CLs, and anything else I am missing.

Reports being prepared for Modules that don't use the DAU survey don't make

sense.

The report fields for the non DAU surveys need to be adjusted to match up with

the surveys. They have been using the same report preferences for all the

surveys. Also please provide the survey questions for all the different types

of surveys.

It would be nice to get it by Friday.

Thanks,

Paula

Paula,

Let's talk on Friday to keep this moving forward. I am booked up all day tomorrow.

Thanks,

Judith

Judith

When you ask IT for a list of CL modules and the surveys they are using could you please also ask them to send a copy of the actual survey being used if it's new. We should have one for our records, but they will also help Chuck in drafting the result reports.

Also, we need to ensure that the neutral state of all the surveys is not prepopulated, meaning that when the student open the survey the default answer before he/she touches it is not 7 or the demographic default is not ARMY for example. We had - and may still have - this exact issue with the regular CL module survey last year. Not sure it that was ever corrected.

Sincerely,

Thomas Savino
