

DEFENSE ACQUISITION UNIVERSITY

ACQ 403 Defense Acquisition Executive Overview Workshop

100420

*Course Learning/Performance Objectives followed by its
enabling learning objectives on separate lines if specified.*

1	Given the latest policy requirements, interpret current acquisition policy, process and lessons learned while assessing your role as an acquisition leader
2	Given real-world acquisition scenarios, critique comparative management styles and techniques to determine a personalized approach to various situations.
3	Given faculty and guest speaker presentations/discussions, distinguish the characteristics that contribute to the changing acquisition environment.
4	Given the breadth and changing environment of acquisition, select the right questions to ask at the right time to assess the health/progress/status of a program and the reasons therefore.
5	Given the various acquisition topics presented and discussed, explain <u>what</u> is important about each topic and <u>why</u> that's important with respect to the "big Picture" in acquisition.
