

## DEFENSE ACQUISITION UNIVERSITY EMPLOYEE SELF-ASSESSMENT

### CON 334 - Advanced Contingency Contracting Officer's Course

Note:

- Provide a justification(s) package referencing the numbered outcomes as appropriate on separate paper.
- Only the numbered outcomes (bold font) need to be addressed.
- The enablers (indented if specified) are provided to ensure the outcome is sufficiently addressed.
- The **Achieved** column is for use by the initial (functional) evaluator.
- Attach this guide with the justification to the DD form 2518 for a complete package.

140204

<b>Outcomes and Enablers</b>		<b>Achieved?</b>	
		<b>Yes</b>	<b>No</b>
<b>1</b>	<b>Prescribe appropriate contracting support and execution approaches for a CoCO in any AOR throughout the four phases of a contingency.</b>		
	Choose the most appropriate resource for the most efficient and effective contingency office operation during all phases of a contingency.		
	Defend a proposed contracting execution approach during any phase of a contingency scenario		
	Create a brief to Operational Commander showing comprehension of the Contingency Contracting AOR Sustainment Environment.		
<b>2</b>	<b>Recommend contract support for the Warfighter given a contingency scenario in a Geographic Combatant Command Area of Responsibility (AOR)</b>		
	Create a brief overview of the joint operations planning process with focus on Operational Contract Support (OCS) Plan Annex W of OPORD/OPLAN		
	Compose an Annex W (OCS) which accounts for the challenges of a contingency scenario.		
	Evaluate the requirements needed to prepare Contingency Contract Support Plan.		
	Prepare an AOR briefing to Combatant Commander that presents how contingency contracting can be a force multiplier to the Combatant Commander.		
	Examine the options for support available for oversight of contract actions.		
	Propose solutions to Contingency challenges identified by various Congressional studies.		
<b>3</b>	<b>Justify the appropriate ethical contracting approach in an AOR contingency situation</b>		
	Determine ethical contingency contracting attributes for a Lead CCO.		
	Defend the most effective ethical approach given a contingency contracting scenario.		
<b>4</b>	<b>Determine the appropriate acquisition strategy for a contingency AOR requirements package.</b>		
	Explain the role of the JRRB.		
	Summarize the flow of the JRRB process.		
	Analyze requirement packages to the JRRB.		
	Validate requirements packages through JARB process.		
<b>5</b>	<b>Determine the appropriate contractual resolution for a contingency AOR requirement.</b>		
	Determine the steps required to implement PBA in a Contingency AOR.		
	Defend employing PBA in an AOR during any contingency phase.		
<b>6</b>	<b>Given a situation requiring the need to select the Best Value offer in response to a Government requirement, specify the necessary steps in the source selection process.</b>		
	Define the term "Source Selection."		
	Explain the elements of the formal source selection process.		
	Create instructions to offerors and evaluation factors for a best value source selection.		
<b>7</b>	<b>Formulate which processes are the most appropriate per redeployment scenario.</b>		
	Break Down the differences between the three most common redeployment operations.		
	Defend a contracting operations redeployment approach given an AOR redeployment scenario.
